Bidders seeking to qualify for this local program shall provide supporting information and certify in writing that they meet the above requirements as part of the bid submittal.

A qualifying local business shall be entitled to a reduction of five percent (5%) in the tabulation of its bid for purposes of determining the lowest responsible bidder, unless otherwise prohibited by law.

The Local Program shall be applicable to only purchases of materials, supplies, and equipment as well as contracts for maintenance work and other general services projects, which are competitively bid, and which involve an expenditure of two-hundred thousand dollars (\$200,000) or less. For recurring purchases, the Local Program shall be applicable only to the City's first two-hundred thousand dollars (\$200,000) worth of such purchases for any fiscal year, as determined by city staff in its sole discretion.

The Local Program shall also establish a preference for the purchase of materials, supplies, and equipment, as well as contracts for maintenance work and other general services, which are competitively bid, and which involve an expenditure of more than two-hundred thousand dollars (\$200,000). Such preference shall allow the City to take into consideration the net sales tax to be returned to the City as a result of an award to a qualifying Local Business in determining the lowest responsive and responsible bidder. The net sales tax shall be calculated based on the applicable bid price provided by the bidder in accordance with the City's purchasing policy.

P. Public Records

Responses (bids) to this Notice Inviting Bids (NIB) and the documents constituting any contract entered into thereafter become the exclusive property of the City and shall be subject to the California Public Records Act (Government Code Section 6250 et seq.). The City's use and disclosure of its records are governed by this Act.

Those elements in each bid which bidder considers to be trade secrets, as that term is defined in Civil Code Section 3426.1(d), or otherwise exempt by law from disclosure, should be prominently marked as “TRADE SECRET”, “CONFIDENTIAL”, or “PROPRIETARY” by proposer. The City will use its best efforts to inform bidder of any request for disclosure of any such document. The City, shall not in any way, be liable or responsible for the disclosure of any such records including, without limitation; those so marked if disclosure is deemed to be required by law or by an order of the Court.

In the event of litigation concerning disclosure of information the bidder considers exempt from disclosure, the City will act as a stakeholder only, holding the information until otherwise ordered by a court or other legal process. If the City is required to defend an action arising out of a Public Records Act request for any of the contents of a bidder’s proposal marked “Confidential”, “Proprietary”, or “Trade Secret”, bidder shall defend and indemnify the City from all liability, damages, costs, and expense, including attorneys’ fees, in any action or proceeding arising under the Public Records Act.

To insure confidentiality, bidders are instructed to enclose all “Confidential, “Proprietary,” or “Trade Secret” data in separate sealed envelopes, which are then included with the bid documents. Because the bid documents are available for review by any person after award of a contract resulting from an NIB, the City shall not in any way be held responsible for disclosure of any “Confidential,” Proprietary,” or “Trade Secret” documents that are not contained in envelopes and prominently marked.

Q. Term of Contract

The contract term shall be effective on or about December 5, 2018 through June 30, 2020. With the option to renew for two two-year terms.

Option 1	July 1, 2020 through June 30, 2022
Option 2	July 1, 2022 through June 30, 2024

R. Safety Requirements/OSHA Violations

Safety at the Project site during performance of the work is of paramount concern to the City. Accordingly, Contractors must not have committed any serious violations within the last two (2) years or any willful violations within the last five (5) years of federal or state OSHA regulations.

Contractors must identify the number of OSHA violations on the CONTRACTOR’S INDUSTRIAL SAFETY RECORD form. Any serious or willful violation falling within the timeframes noted above may render a bid as non-responsive. We strongly encourage full disclosure, since failure to identify

all violations on the CONTRACTOR'S INDUSTRIAL SAFETY RECORD form may result in rejection of the bid as non-responsive or the Contractor non-responsive following a hearing.

A citation properly appealed through OSHA is not considered to be a violation until the matter is closed and considered final by OSHA. The City still expects this information to be disclosed by the Contractor with an explanation and documentation showing that the matter is properly under appeal with OSHA and not considered closed or final. Failure to be forthcoming with this information may result in rejection of the bid as non-responsive. Notwithstanding the preceding, the City may waive this criterion in its sole and absolute discretion.

LOCAL BIDDER PREFERENCE PROGRAM STATEMENT
To Be Submitted with Bid

This bid shall be subject to the City of Corona local bidder preference program. To qualify, bidders must be a “local business” with: (i) fixed facilities with one or more employees, which may include a sole proprietor, located at an address within City limits (a post office box alone is insufficient); and (ii) an appropriate City business license/permit. Bidders seeking to qualify for this local program shall provide supporting information and certify in writing that they meet the above requirements as part of the bid submittal.

A qualifying local business shall be entitled to a reduction of five percent (5%) in the tabulation of its bid for purposes of determining the lowest responsible bidder, unless otherwise prohibited by law.

The Local Program shall be applicable to only purchases of materials, supplies, and equipment as well as contracts for maintenance work and other general services projects, which are competitively bid and which involve an expenditure of two-hundred thousand dollars (\$200,000) or less. For recurring purchases, the Local Program shall be applicable only to the City’s first two-hundred thousand dollars (\$200,000) worth of such purchases for any fiscal year, as determined by city staff in its sole discretion.

The Local Program shall also establish a preference for the purchase of materials, supplies, and equipment, as well as contracts for maintenance work and other general services, which are competitively bid and which involve an expenditure of more than two-hundred thousand dollars (\$200,000). Such preference shall allow the City to take into consideration the net sales tax to be returned to the City as a result of an award to a qualifying Local Business in determining the lowest responsive and responsible bidder. The net sales tax shall be calculated based on the applicable bid price provided by the bidder in accordance with the City’s purchasing policy.

Any employee of the Contractor or its sub-contractors who is determined by the City to be uncooperative, incompetent, a threat to the adequate or timely completion of the Project, a threat to the safety of persons or property, or any employee who fails or refuses to perform the Services in a manner acceptable to the City, shall be promptly removed from the Project by the Contractor and shall not be re-employed to perform any of the Services or to work on the Project.

3.2.8 Disputes. Should any dispute arise respecting the true value of any work done, of any work omitted, or of any extra work which Contractor may be required to do, or respecting the size of any payment to Contractor during the performance of this Contract, Contractor shall continue to perform the Work while said dispute is decided by the City. If Contractor disputes the City's decision, Contractor shall have such remedies as may be provided by law.

Contractor shall maintain records of each such verification, and shall make them available to the City or its representatives for inspection and copy at any time during normal business hours. Contractor shall receive compensation, including authorized reimbursements, for all Services rendered under this Agreement at the rates set forth in Exhibit “C” attached hereto and incorporated herein by reference. The total compensation, including authorized reimbursements, shall not exceed [***INSERT WRITTEN DOLLAR AMOUNT***] (\$[***INSERT NUMERICAL DOLLAR AMOUNT***]) (“Total Compensation”) without written approval of City’s [***INSERT TITLE***]. Extra Work may be authorized, as described below, and if authorized, will be compensated at the rates and manner set forth in this Agreement.

3.3.2 Payment of Compensation. Contractor shall submit to City a monthly itemized statement which indicates work completed and hours of Services rendered by Contractor. City shall, within 30 days of receiving such statement, review the statement and pay all approved charges thereon.

3.3.3 Reimbursement for Expenses. Contractor shall not be reimbursed for any expenses unless authorized in writing by City.

3.3.4 Extra Work. At any time during the Term of this Agreement, City may request that Contractor perform Extra Work. Contractor shall not perform, nor be compensated for, Extra Work without written authorization from City’s Representative.
